PROFESSIONAL SUMMARY

Computer Science Engineer specializing in Data Science with experience in developing intelligent software solutions using machine learning, artificial intelligence, and software engineering principles. Strong foundation in problem solving, data analysis, automation, and application development, with the ability to translate data-driven insights into practical solutions. Actively expanding expertise in Generative AI, large language models (LLMs), Retrieval-Augmented Generation (RAG), and AI agent frameworks.

EXPERIENCE

AIML – Full Stack Intern | *Geojit Technologies Pvt Ltd* Jan 2026 – Apr 2026

- Contributed to the development of AI-driven software solutions by applying machine learning, OCR, and backend development concepts in an enterprise environment.
- Worked across the software development lifecycle, including requirement analysis, implementation, testing, deployment, and collaboration within cross-functional teams.

Salesforce Virtual Intern | *SkillWallet (Salesforce)* May 2025 – Jul 2025

- Developed and configured CRM solutions using Salesforce Flow, Lightning App Builder, Reports, and Dashboards.
- Implemented workflow automation and data management solutions for lead tracking, inventory management, and approval processes.

Technical Skills

Programming Languages	Python, Java, SQL, JavaScript, C
Artificial Intelligence	Machine Learning, Deep Learning, NLP, Computer Vision, OCR, Gen AI, LLMs
Frameworks & Libraries	PyTorch, TensorFlow, Scikit-learn, Hugging Face Transformers, FastAPI, React.js
OCR & Document AI	OpenCV, TrOCR, DocTR, EasyOCR, Information Extraction, Document Processing
Databases	PostgreSQL, MySQL, MongoDB, SQLite
Development Tools	Docker, Git, GitHub, Linux, Jupyter Notebook, Postman, Gradio
Cloud & Platforms	Oracle Cloud Infrastructure (OCI), Salesforce

PROJECTS

Document Intelligence Studio V2 Jan 2026 – Apr 2026

Python, FastAPI, OpenCV, TrOCR, DocTR, EasyOCR, Docker, Hugging Face Transformers

- Developed a template-driven document intelligence platform for extracting and structuring information from scanned forms and multi-page documents using OCR and computer vision techniques.
- Implemented document alignment, validation, and batch processing workflows to automate information extraction.

Cloud-Based NAAC Data Management System Aug 2025 – Oct 2025

Django, React, PostgreSQL, Docker, Keycloak, MinIO, MeiliSearch

- Developed a centralized platform for managing accreditation-related documents, workflows, and institutional data with role-based access control and secure storage.
- Integrated search, authentication, and containerized deployment services for scalable document management.

EmoBhaava – Kannada Sarcasm and Sentiment Analysis Mar 2025 – Sep 2025

Python, XLM-RoBERTa, PyTorch, Hugging Face Transformers, Flask, Docker, NLP

- Developed a multilingual NLP application for sarcasm and sentiment detection in Kannada, Romanized Kannada, and Kannada-English code-mixed text using XLM-RoBERTa and transformer-based models.
- Built REST APIs, batch prediction workflows, web interfaces, and Dockerized deployment pipelines for scalable inference and automated testing.

EDUCATION

B.E. Computer Science & Data Science | *St. Joseph Engineering College, Mangalore* **CGPA: 9.79**
Visvesvaraya Technological University 2026

Pre-University Course (PUC) | *M.G.M PU College, Udupi* **94.17%**
Karnataka State Board 2022

SSLC (Class X) | *St. Cecily's Institutions, Udupi* **96.64%**
Karnataka State Board 2020

ACHIEVEMENTS LEADERSHIP

- Served as Manager of Team SJEC Racing, contributing to the team's achievement of AIR 3 in ATVC and AIR 8 Overall at BAJA SAEINDIA 2026.
- Served as Leading Cadet in the NCC Naval Wing, demonstrating leadership, discipline, and teamwork.
- Received the Kittur Rani Chennamma Award for leadership, social service, and community engagement.
- Contributed to the Laxmi Mazumdar Award-winning Bharat Scouts and Guides unit.

CERTIFICATIONS

- Oracle Cloud Infrastructure (OCI): Generative AI Professional, AI Foundations Associate, Foundations Associate
- Salesforce Developer Catalyst (Virtual Internship) & Administrator Explorer
